Safety & Security Assessment & Emergency Plan Reviews

Campbell ACNC Consulting, LLC is in the process of completing safety and security assessments throughout the district as well as reviewing all emergency operations plans. The assessment and review will be completed in two phases, and recommendations for improvement will be provided to the Sandwich CUSD #430 safety committee:

Phase 1: Building Safety and Security/Vulnerability Assessment

Phase 2: Review and Update Emergency Operations Plans

8th Grade promotion

8th grade promotion is set for May 24th. The ceremony will begin at 7:00 pm in the high school gymnasium (back up date May 25th).

AdvancED - school improvement update

On a continuous basis, the district is involved in school improvement efforts addressing five rigorous standards established by AdvancED.

The District’s **Vision** is: “Learning Today, Shaping Tomorrow!”

The District’s **Mission** is: "To provide opportunities for our youth to develop educationally, emotionally, physically and socially to the fullest of their ability."

The District’s **Purpose** is:

- To align our school day with our vision statement;
- To focus on academics while fostering the development of the whole child;

May - 2018

May 29 – Last day of school - 1:10 pm dismissal (K-8 report cards handed out; HS report cards mailed the week after)

- To engage students in learning that is productive and relevant;
- To create an environment where students can feel safe to fully participate in their education and work toward achieving their goals and aspirations; and
- To provide skills, training, and experience that prepares ALL students for the next educational level, career path, or employment.

Since the external visit by AdvancED in April, 2016, the staff has been developing strategies to address the following improvement priorities:

- a) Implement with fidelity the teacher evaluation system utilizing the results to define system-wide and individual professional development priorities which result in focused, researched based, and improved instructional practices that impact student achievement;
- b) Document and formalize the continuous improvement planning process, and assure it is aligned with the school vision and purpose, includes the participation of all stakeholders, is based on a multi-tiered needs analysis of the conditions that support student learning, and is regularly monitored for effectiveness;
- c) Create and implement a formal student improvement plan on a comprehensive evaluation of the full array of student support services and programs to ensure all students are equitably and effectively served; and
- d) Revise, update, and communicate the grading policies and practices throughout the system to assure they reflect the attainment of content knowledge and skills, are a meaningful measure of student learning at each level, and consistently applied throughout the system.

[Click here to read the District's school improvement report](#) recently submitted to AdvancED addressing the improvement priorities listed above.
