

# Classroom Times

Teacher: Mrs. Sam, Ms. Ortega, & Ms. Cadena

Date: Feb.8th - Feb. 12th

## What We've Learned...

We continued our dinosaur unit another week. We made dinosaur fossils. We compared our footprints to dinosaur footprints. We found out that some dinosaur footprints are a lot bigger than our footprints! On Tuesday we had a surprise snow day and there was no school. We worked on some more dinosaur fossils on Wednesday and Thursday. On Thursday afternoon the afternoon class celebrated Valentine's Day early with our Valentine's party. There was no afternoon class on Friday due to Parent/Teacher Conferences. The morning class celebrated Valentine's Day with their party on Friday morning. It was a great week!

## What We Read...

Edwina: The Dinosaur Who Didn't Know She Was Extinct.

Bronco Bill

How Do Dinosaurs Say Goodnight?

Kisses

and many more during Drop Everything And Read times.

## Classroom Information

\*The district web site has lots of helpful and interesting information on it. Check it out at [www.sandwich430.org](http://www.sandwich430.org).

\*March snack calendars will be coming home next week.

## Check It Out!

We found two great web sites that the kids really like working on here at school. The sites are Dinosaur Train and Starfall. Check them out at these sites:

[pbskids.org/dinosaurtrain/](http://pbskids.org/dinosaurtrain/)

[www.starfall.com](http://www.starfall.com)

## THIS WEEK

We will have one more week on dinosaurs and we will work on the letter D.
